

DAIMLER TRUCK

The new Daimler Truck Special Terms (DTST) 12/2024

Dear Suppliers and Partners,

Due to the periodic revision, the Daimler Truck Special Terms („DTST“) were revised. With the new DTST 12/2024, professional and process requirements of the recent years have been revised and amended. This is necessary in order to ensure a smooth handling of the operative processes shared by you and Daimler Truck.

From now on, the new DTST 12/2024 is available in German and English via the Daimler Truck Supplier Portal, applicable for contracts starting 1st of December 2024.
